NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

MARCH 23, 1883

PAYING THE PUBLIC DEBT.

The San Francisco Bulletin says the reduction of the public debt last month was less than \$7,000,000. The exact figures, as reported by Secretary Folger, after deducting the cash in the Treasury, is \$7,630,678 for the month of February, and \$102,638,346 for the be shortened by half, wages and mainfirst eight months of the current fiscal year. This is the result after counting by half. Even with the added canal all forms of Pederal debt and allowing tolls, the transportation of the giain for which he paid this sum was subsefor the difference in cash. The noninterest bearing debt varies from month to month by the issue of Gold and Silver of many millions a year for the Pacific certificates and the maturing of interest States. By the time either canal is on called bonds. The principal of the finished, at the present rate in grain interest-bearing debt is \$198,914,650 less than it was eight months ago. Here are the totals at the respective dates.

\$1,436,810,400 July 1, 1882 March 1, 1883

Reduction in eight months \$108,914,650 This shows a reduction of over \$13,000,-000 per month since the commencement of the current fiscal year. In the pievious fiscal year we did a little better than that, the total reduction in the principal of the interest bearing debt for the year ending June 30, 1882 being \$165,757,350, or nearly \$14,000,000 per month That was the most rapid scaling of the debt that has ever been accomplished Prior to the war, in 1862, the interest bearing debt of the country was from \$28,000,000 to \$65,000,000. Such a debt in these days looks very insignificant, but it really occasioned more anxiety than the \$1,354,000,000 does to-lay. The largest amount of interest bearing debt that the country has stood up under was at the close of August, 1865 The reduction since then has been over \$1,000,000,000 as fol-

August 31, 1865 ... \$2,381 530,295 March 2, 1883 ... 1,354,895,758

Reduction in 18 years \$1,026,634,545 The period covered is not eighteen years, but admitting that it was, the result shows an average reduction of \$57,-000,000 per annum We doubt if there be another country in the world that can show such a record Though over half of the present bonded debt cannot be touched for 24 years, or until 1907, it is apparently possible to liquidate the whole amount within 20 years That would be doing no better, relatively, than has been done in the past 18 years Ine power to annihilate debt is greater than it has been, and the previous time Both these elements cluded facilitate a rapid reduction of the debt, provided its payment were optional It is evident that something will have to be done in getting the bulk of the debt, which is now bearing 4 per cent, or there ought to be a further reduction in the meome of the Government The changes in the foreign tariff and inland taxes will lop off many million dollars in the next fiscal year, but there will still be more than is needed if the 4 per cent, bonds cannot be touched until 1907 It is now perceived that it was a mistake to issue such an amount in these long bonds. It is worth the attention of the Government officials to devise some way of making a portion of these 4 per cent, bonds payable at an oarlier date Great changes have taken place in the character of the interest bearing debt since the commencement of the current fiscal year. On the 1st July, 1882, there were some 6 as well as 5 per cents, extended into 31/2 per cent, but none of the new 3 per cent, authorized last June, had been squed since then, all the 6 per cents, and most of the 5 per cents, have been canceied or exchanged for the 3 per cents, which now rank in volume next to the 4 per cents To show at a glunce the changes which have taken place in the past eight months, we put the interest bearing bonds on the respective dates [side by side as follows

July 1 1882 March 1, 1883 6 5, ex 3 1/4 5 5 58 857 150 5 4, ex 3 1/2 5 401,503 900 \$ 54 337 850 11/2 5 250 000 000 250 000 000 4 5 730,319 350 739 357 300 355

14,000 000 Navy Pen s 11 000,000

Total \$1 463 910,400 \$1,354,595,750 The annual interest on the present out-

standing debt is only a little over \$52,-000,000, the total for each rate of interest is as follows On the $4\frac{1}{4}$'s the interest is \$11,250,000

On the 4 s the interest is. 29,574,292 On the $3\frac{1}{2}$ s the interest is. 1,901,875 On the 3 s the interest is 9 335 938

. .\$52,062,125 Every month the interest becomes less On the 1st of last July, the amount was \$57,360,110, and on the 3d August, 1865 1t was \$150,977,698 per annum.

The President has ordered the suspension of Judge Everton J. Conger,

The Canal and the Pacific States.

Whether the Panama or Nicaragua Canal first reashes completion, the grain trade of the Pacific States will evidently be a greater gainer, and will show instant and enormous increase. Those States already send between one million and two millions of tons of cereals to Europe annually, the exports somewhat varying with the crops and Horn in sailing ships, a distance of between 13,000 and 14,000 miles. This route will be halved by the Isthmus trinsit. In other words the time will tenance of the crew by half, and risks must cost from a half to a third less than now. This must mean the saving exports, it will probably mean the saving of scores of millions. Yet this is only one item in the prospective uses of an inter-ocean canal.

Sitting Bull's Disposition.

Instructions have been forwarded to the Commissioner of the Department of and his immediate followers, now under militery surveillance at Fort Randall, to Standing Rock Agency, where the others of the Sioux Reservation Indians are stationed. The savages will leave Randall under guard April 15th. Provisions will be assued to the Indians, until they have an opportunity to provide for themselves This is in accordance with the request of Sitting Bull to become a Reservation Indian, which the chieftain has hitherto declared he would never be. He was taken to Fort Randall early last Fall, together with a num- is necessary is to the and rail it. ber of warlike young bucks, and then separated from the others of his band, the Uncapapas, owing to the ugly demeanor of himself and followers It is expected he will be given an opportunity to raise stock and to provide for himself and people

A Big Combination.

Live of the largest glucose concerns in the country, including the Buffalo Grape Sugar Company, the American Grape Sugar Company, the Tirmenich Sugar R-fining Company of Buffalo, four years ago The seeming scarcity the Paoria Sugar Refining Company arises from the fact that there is a better the Peoria Sugar Refining Company and the Leavenworth Grape Sugar Company, have consolidated under the name of the American Glucose Company. The capital stock of the mammoth concern is \$15,000,000 It is stated on excellent authority that the whole amount has not yet been distributed, as some of the new grape sugar concerns rate of interest is lower than at any in the country may desire to be in-

ARRESTIOF A MAND)-REGISTER. W. H. Crane, of Susahville, Joins the Crooked Army

S F Chronicle, March 21st. United States Marshal Drew returned from Chico last night, where he went to arrest W. H. Crane, the Register of the Susanville Land Office and an ex Senator from Lassen county. When the late United States Grand Jury was in session the land frauds, which were althe demand It is carried around the leged to have been committed in the Susanville office, formed one of the subjects of investigation. It was reported that an indictment had been found against Crane on a charge of having converted to his own use money paid to him for Government lands. One N Evans testified that he has paid \$184 and received a receipt signed by Register Crane and Register Miller. The land then discovered that no entry had been made on his account The Register had never applied for a patent and none was likely to issue. Jacob McKissick also testified that he had paid Crane for swamp lands and that the Register had applied the money for his private use. It is claimed that the irregularities in the Susanville Land Office extend over a long period and that large frauds have been systematically committed. Mashal Drew did not lodge his prisoner either at the jail or at the city prison last night, neither could he be found as any of the hotels. The prisoner will presumably be committed by regular Dakota for the removal of Sitting Bull process to-day and the exact charge and his immediate followers, now under which has been laid against him will then become known,

Railroad Nearing Completion.

A Salt Lake dispatch of the 21st reads as tollows

The Denver and Rio Grande track in now completed to Green liver, and but thirteen miles of track remain to be laid to complete the connection between Salt Lake and Denver This gap will be closed on Thursday next, when the entire force will be put on the line between Salt Lake and Ogden. This pertion of the road is graded, and all that

Discharged From Custody

A Woodland dispatch of the 21st

George Rahm, ex-Deputy Sheriff of Yolo county, and A Appleby, charged with the muider of John E. Maltby a yend ago, who has been under exami-nation for several days, were discharged from custody to day

The present scarcity of gold in this country is more fancied than real. Statistics show that there is \$289,000,000 more gold in the country than there was distribution of the supply—it is in a large number of hands. This is a commendable feature, since it shows that the people are relatively better off. Another element that gives color to the statement of scarcity is the lessened volume of products to be exchanged Money is not moving about as ripidly as formerly The ratio of ridle money is larger. There are probably more cases of hearding among the people. The strong box and the old stocking are deing duty as receptules for earnings Low interest at the savings banks helps that kind of movement -Bulletin

Advice to Mothers

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? TRUCKEE'S WOOD BUSINESS. An Idea of the Contribution of the Truckee Basin.

The wood business of the Truckes basin is no small portion of its source of wealth As is natural in every counobtained, the remainder is out up into in. In additional supply will give ground. Again, the lumberman selects Superintendent has cleared sixty-two great many trees are left that are worth- and has it ready for seed Commissary less, save for firewood. The woodchop- | Asa Dawson has had charge of the work, per has the advantage of the me us of and has worked such of the patients as transportation provided by the mill were able, thus making it unnecessary men, and fails not to use it The Re- to hire any labor. Twenty acres of the publican says the flume system so uni- cleared land will be planted to potatoes business particularly profitable. There forty-two acres sown to wheat. Besides is no hauling to market. The flumes doing this outside work the Doctor is take it from the forest and deposit it beautifying the grounds about the buildclose to the railroad track, and thus save ing and will set out 1,000 trees this Hawthorne is said to be supplied with to the producer and consumer as well, did it have to be hauled on wagons. As a result wood fuel is cheap and plenty. The Central Pacific with its large number of engines consume vast quantities John Bowman has some of the best | Car load after car load is shipped to the canned tomatoes ever sold in this mar- valley west and the country east, and day last Major and Mrs Wells and piled in their woodsheds, for use during the year Something of an idea of the contribution of the Truckee basin to troop, 1st Cav The leaders became this demand may be gleaned by know ing that Bronco furnished last season 3,000 cords, Prosser Creek, 5,000, Mar- across the bridge between Ayres & tis creek, 6,000, Truckes, 18,000, Donner boom, 4,000, Donnei lake side, 3 000, Champion s, 3,000, Kneeland's mill, 3,000, in all 45,000 cords, all of which is purchased by the Central Pacific Railroad Company. The Winter ambulance Major Earnest, Major of 81 and '82 proved a cheap one for the miroad company It was a mild Winter, and the snow-plows, which are his left arm bruised and now carries it the means of consuming large quantities, did not heve much work to do The best wood is cut in the Fall and Winter, for the reason that the bank est and the driver escaped with but holds loser to the wood, and the railroad company always try to contract for wood cut during the Pall and Winter mouths. The labor is principally done by Chinamen, who receive an average The Carson and Colorado Railroad is of \$1 50 per cord for cutting, the wood when delivered at the track selling from \$3 75 to \$4 per cord. The heaviest contractors in this section are Messrs. Sisson, Crocker & Co. and Elle Ellen, Esq. These men handle large quantisupply may be said to be never-ending,

A Reminder to the Churitable

estimate when it will be exhausted. By

The near approach of Eastericalis the Frank Mosher, of the Journal corps, orph ins in charge of the good Sisters to and one of the very best printers in the our remembrance. Every year, at this State, intends to leave Reno on the 1st season, the little hearts of these dear inof April for Portland, Oregon He has nocents have been gladdened with the

Perhaps at no time in the annals of Trio Storey county has it been so urgent to armind the charitable to come in aid of the Sisters of Chanty in their noble

As everybody well knows, the State Government has refused them State aid, on the ground as they believed, of sec tannusia, if, indeed, the taking care of poor, fatherless and motherless children, clothing and feeding them, was section work. Every child in the State Orphans Home costs the taxpayers about \$260 annually per capita, these costs the taxpayers nothing, these good Sisters devoting their own sweet and irreproachable lives to the love of the little ones and the service of God

It is true that the community is poor, it is true that we have not prospered, but should we close every outlet of beneficence within our means. Has any man that has ever divided his loaf of preed with the fathericss been the poorer by 11? Let us bear in mind, too, in this connection, that many wealthy citizens have left us. Not a few of those were charitable, and gave of their abundance, but they are in other lands, and a few of them are dead-all have left the orphans with us.

Persons so disposed can leave their contributions with J C Hampton & Co , P H Ford, J & J B Malton and T R McGuin

MANY LADIES.

Death of J & Lewis.

John C. Lewis died at noon yesterday Deceased was one of the pioneers writer of acknowledge ability, and every 18 safe to use -Journal paper he ever published or edited was eagerly sought after

Scarlet Fever.

A Journal reporter has been informed that Di Zimmers' two children have the scarlet fever

"Do Likewise"

Dr R V PIERCE, Buffalo N Y .. 'Five years ago I was a dreadful sufferer from uterine troubles. Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room alone. I began taking your Favorite Perscription' and using the local treatment recommended in your 'Common Sense Medical Adviser' In three months I was perfectly cured. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them and inclosing a stamped envelope for roply. I have recieved over four hundred letters. In reply, I have described my case and the treatment used, and earnestly advise them to 'do likewise.' From a great many I have received second letters of thanks stating that they had commenced the treatment and were much better already,'

MOUNT ST. MARY'S.

ACADEIVIX,

CONDUCTED BY-

SISTERS OF ST. DOMINIC,

RENO, NEVADA.

The course of study embraces the various branches of a solid and useful education. The Scholastic Year is divided into two sessions of five months each, beginning respectively on the first Monday in February, and closing the last of June. Pupils are requested to enter at the opening of the session; but, they will be received at any time during the year, their sessions dating from the time of entrance. Public examinations are held annually. Private Literary and Musical Rehearsals every month.

TERMS, INVARIABLY HALF YEARLY IN ADVANCE

No advance will be made by the Institution for Books, Stationery, Materials for Drawing, Fancy work or other incidental expenses of the pupils, unis considered indispensible, and will be in all cases most strictly observed.

Each pupil must be provided with a Toilet Box and all necessary articles

No particular uniform is required, but each pupil must bring four changes

No deduction will be made for the withdrawal of pupils before the expir-

All letters sent or received are subject to the inspection of the Sister

For further particulars address,

SISTER SUPERIOR.
